Hitachi's projectors shine light on Sydney's brightest Festival

~Hitachi has been announced as an official contributor for Sydney Festival and will provide six top of the range LCD projectors for use at the Seymour Centre~

SYDNEY, AUSTRALIA, January 14 2010: Hitachi has announced that it is an official contributor of Sydney Festival 2010, this encompasses a donation of six leading edge LCD projectors. These will be utilised in the foyer of the Seymour Centre for the duration of the renowned festival and will greatly enhance the festival goers' experience, as the space is transformed into an eclectic mix of films, advertisements and moving images in high contrast image and exceptional colour reproduction.

The six models, that form part of the sponsorship deal, boast market leading features to ensure that the projections reflect the highest standard and quality for which Sydney Festival is renowned. The following six models form the sponsorship deal:

Product type/ code	Description
CPX450 (Two units supplied)	Portable / Installation LCD Data Projector
CPX4020	Portable / Installation LCD Data Projector
CPX809	Larger Installation LCD Data Projector
CPX615	Larger Installation LCD Data Projector
CPX705	Larger Installation LCD Data Projector

Commenting on the donation Malcolm Moir, Head of Business Development, Sydney Festival said: "Our production and design colleagues feel the addition of the Hitachi projectors will give us the opportunity to greatly enhance the foyer environment of the Seymour Centre by allowing festival goers to utilise the equipment in a number of different ways, such as being able to access the internet."

Dipak Kumar, General Manager, Digital Technology Solutions Group Hitachi Australia comments, "It is a privilege to be involved with Sydney Festival in this way, the high calibre of technology will help to ensure the highest levels of audience enjoyment. Hitachi is pleased to provide projectors that are of
