

HWF1200X

7kg Front Load Washing Machine-

4A water rating

* Product may vary in appearance

KEY FEATURES:

- 7kg Front Load Washer
- 4A water rating
- Spin dry- 1200RPM
- 15 automatic programs
- Adjustable temperature control
- Stainless Steel drum
- Tough and corrosion proof body
- 30cm wide loading door- opens up to 180°
- Quick Wash Program
- 'Smart Chip' Fuzzy Control technology:
 - Balance Control: This feature ensures clothing is evenly distributed to create the perfect balance and near silence when spinning.
 - Foam Control: Foam is measured and controlled during the rinsing process. Excess foam is washed away with additional rinse cycles.
 - Automatic Water Consumption: Calculates the specific water level required for the amount and type of fabrics, saving water and energy with every wash.
- Extra Rinse program
- Reduced wash time program
- Special program to cancel spin cycle for delicate fabrics
