

## R487ET5 PWH

### 480 Litre Refrigerator (White)

#### KEY FEATURES:

- **Advanced Multiflow Air System:**  
Allows cold air to circulate evenly throughout the refrigerator keeping all areas at constant temperature.
- **Nano Titanium Filter:**  
The Nano Titanium Filter traps and substantially reduces bacteria and odour, leaving the refrigerator purified and odourless.
- **Negative Ions:**  
Negative Ions, along with the chilled air, circle throughout the compartment, adhering to odours and bacteria helping to suppress bacterial growth.
- Tempered Glass Shelves
- Twist Ice Trays
- Mould Proof Door Gasket
- Slide Case Shelf
- Two Way Humidity Control System
