CP-AW252WN LCD Projector

Fully featured ultra short throw LCD projector with network capabilities and a low operating cost all in a portable design.

Ultra Short Throw Series

Key Features

- WXGA 1280 x 800 resolution
- 2,500 ANSI lumens white/color output
- 4000:1 contrast ratio
- 4,000 hours hybrid filter*
- 3,000 hours lamp life (Standard mode) and 5,000 hours lamp life (Eco mode)**
- ImageCare technology
- Wireless compatible
- Projector Quick Connect iOS App

Hitachi's CP-AW252WN ultra short throw LCD projector combines an array of advanced features in a compact, portable design perfectly suited for class-rooms of any size. Small in size, but big on performance, the CP-AW252WN provides vibrant image quality, cost-effective operation, and long-lasting reliability. The CP-AW252WN incorporates a cloning function which enables you to copy setting data from one projector to others of the same model via USB memory. Plus, Hitachi's Intelligent Eco Mode with ImageCare combines optimal picture performance with energy savings for a lower total cost of ownership. For added peace of mind, Hitachi's CP-AW252WN is also backed by a generous warranty and our world-class service and support programs.

UNIQUE FEATURES

Drawing Function with Optional Tablet (TB-1)
The optional Hitachi wireless tablet and pen allows you to engage your audience by annotating over images shown on the projector.

Cloning Function
Copy setting data from one projector to others of the same model via USB memory. Cloning can save almost all PJ settings such as gamma and keystone via USB memory.

ImageCare Technology
ImageCare is a lamp power control function that combines optimal picture performance with maximum energy savings by decreasing energy usage, improving contrast ratio and lengthening lamp life. The result is a lower total cost of ownership and decreased maintenance cost.

Intelligent Eco and Saver Modes
Automatically changes the brightness of the lamp according to the brightness level of the screen. Also, automatically changes the brightness of the lamp if there is no change in the screen image. Using ImageCare technology, these features give optimal picture performance with maximum energy savings.

Perfect Fit 2
Enables the user to adjust individual corners and sides independent of one another. Perfect Fit 2 provides vertical and horizontal digital correction of either barrel or pin cushion distortions. This feature helps correct geometric and complicated distortions. Perfect Fit 2 allows the projected image to fit correctly to the screen quickly and easily.

Projector Quick Connection iOS App
Enables users to monitor and control multiple Hitachi projectors from a single device, with access to four different pages: Projector, Contents, Control and Settings.

Tabletop Presentation
Make any tabletop a projection screen using the optional tabletop stand. Ideal for a small group environment or in a room with limited space.

STANDARD FEATURES

Display via USB
Simply plug and play using the USB port instead of the 15-pin D-sub VGA cable. Also offers video and sound transfer from PC to projector.

Input Source Naming
Users can name input sources in simple language instead of factory default name. **Exclusive to Hitachi.**

Microphone Input
A microphone can be used via the jack located on the input panel. Allows for more dynamic presentations even in standby mode.

Ultra Short Throw Series

Network Control, Maintenance and Security
Embedded networking gives you the ability to manage and control multiple projectors over your LAN. Features include scheduling of events, centralized reporting, image transfer and e-mail alerts for reactive and routine maintenance.

PC-Less Presentation
By using a USB memory stick or other storage device, you can use the projector without a computer. Menus are easy to see with a thumbnail display. Additionally there is also a slideshow and video function.

PIN Lock / MyScreen / MyText
PIN lock protection can limit projector users. MyScreen PIN lock keeps captured images on the startup screen. Users can set any name logo to MyScreen, clearly identifying ownership. MyText provides the ability to write text on the startup screen such as model name, serial number or location.

PJMessenger
PJMessenger function allows you to send and display text messages and audio alerts on your networked projectors. It is an easy and efficient way to send announcements out to multiple units.

Present Content via LAN
Hitachi's suite of networking software allows you to easily send content directly from your PC to the projector via your LAN connection.

Serial Number and Media Access Control Label
A label is affixed to the front of the projector to more easily access and read the model name and serial number while mounted in ceiling use. This is a convenience for installers, end user and auditors for instant accessibility.

Template Function
Line templates in the projector menu can help when writing on a whiteboard. There are four types of line templates to choose from.

Wireless Presentation Ready
You can use a wireless network by connecting the projector to a computer using the optional USB wireless adapter part number USBWL11N. The adapter supports IEEE802.11b/g and the latest 11n.

* Actual filter life will vary by individual filter and based on environmental conditions, selected operating mode, user settings and usage. Hours of average filter life specified are not guaranteed and do not constitute part of the product warranty.

** Actual lamp life will vary by individual lamp and based on environmental conditions, selected operating mode, user settings and usage. Hours of average lamp life specified are not guaranteed and do not constitute part of the product or lamp warranty. Lamp brightness decreases over time.
