

R-WB560PT9 Series

511lt French Door INVERTER Refrigerator

COMPACT FRENCH DOOR SERIES

Features

- 511lt Capacity
- Compact French Door
- INVERTER refrigerator
- Only 338kWh per year power consumption
- Warranty: 5 Year Parts & Labour Warranty (Additional 5 Years Parts Warranty on the Inverter Compressor)
- LED Lighting
- Tempered Glass Shelves
- Slide Out Chilled Case
- Movable Twist Ice Tray
- Touch Screen Controls
- Dual Fan System to cool fridge & freezer independently
- Dual Sensing Control (with Eco Thermo-Sensor)
- Jumbo Door Pockets
- Powerful Deodorization
- Moldproof Door Gasket
- Bright Vegetable Compartment with LED Light
- Double-Deck Vegetable Storage
- No Frost | CFC-Free | HFC-Free

INVERTER
 X
Dual Fan Cooling

Deodorization**

Compact High Power Inverter Compressor

The high-precision, high-durability inverter compressor finely adjusts cooling power over a wide range from high to low. Unlike a conventional compressor that cools only by switching a fixed power on or off, the inverter compressor is capable of providing exceptionally powerful cooling by generating a large volume of chilled air, while also providing efficient low power cooling.

Depending on conditions inside and outside the refrigerator detected by the Eco Thermo Sensor and with microcomputer control, it provides optimum cooling power at all times.

Dual Fan Cooling – Dedicated Fans

Two dedicated fans, one for the refrigerator compartment, the other for the freezer, independently cool the compartments. So according to conditions, chilled air can be delivered only to the refrigerator compartment, only to the freezer, or to both, which is impossible with conventional refrigerators that have only one fan. What's more, the fans adjust airflow to provide even more powerful and efficient cooling when required.

Eco Thermo Sensor Control

Hitachi's Eco Thermo Sensor detects temperature changes inside the refrigerator, and then the microcomputer provides optimum cooling for efficient operation at all times.

R-WB560PT9GBK Glass Black

Movable Twist Ice Tray

You can move the ice tray for more convenient and use of storage space.

Bright, Energy Saving LED Light

Refrigerator compartment features LED lighting that lasts a long time and consumes much less energy than conventional lamp.

Jumbo Pockets

For larger 2L Bottles

Tempered Glass Shelves

Scratch-proof and heat-resistant, the tempered glass shelves can even hold up to 100kg* each.

Double Deck Storage

Double-deck construction for easier organisation of frozen & fresh food items.

Triple Power Filter

Triple Power Filter catches and removes 7 odor components^{**1} while also inhibiting the activity of any bacteria captured to provide a sterilizing effect. Combined properties of Activated Carbon, Zeolite and Manganese Oxide (catalyst), the filter greatly reduces the percentage of odors present over time.

^{**1} Methyl Mercaptan, Ammonia, Acetaldehyde, Trimethylamine, Propanal, Hexanal and Acetic Acid
Tested by Hitachi

Fresh Select

The Select Lever lets you adjust the inside temperature by switching between the two modes.

Vegetable Mode Dairy / Meat Mode

Bright Vegetable Compartment with LED Light

Refrigerator Message Board

Write messages where they are sure to be read. The glass door doubles as a message board or shopping list. With standard window glass markers your Hitachi fridge will become your homes' communication hub.
